Just some of the millions of Americans LifeExec serves

No Insurance Coverage

120 million Americans without access to affordable healthcare. Nothing is the wrong answer.

High Deductibles

Deductibles can range from \$5000 - \$20000 with limited access to care. These insured cannot get care until they've paid thousands for care.

Healthy & Save Money

Millions of people are healthy and never use healthcare services. They are fatigued of paying thousands for benefits they never use.

Reduce Bills and Debt

Americans are in debt. Hundreds or thousands of dollars a month in savings can help tremendously.

Travel or Geographic

Traditional insurance networks have geographic limits. LifeExec programs are nationwide.

26-30 Years Old

40 million Americans are living without being on their parent's or their own insurance.

LifeExec Wellness programs mix direct primary care with targeted limited insurance programs. LifeExec Wellness programs are not full major medical insurance.

We Fit Your Business Budget.

Three ways to customize your benefits program to fit your business strategy.

\$0 Cost Program

Make LifeExec Benefits 100% Voluntary
No monthly minimum
No monthly fees

Benefit Stipend

Provide a set amount (\$5 - \$100)
employees can dedicate to benefit
selections. Employees pay the difference.

Sponsored Benefits

Sponsor a benefit and employees receive
the benefit at no charge. Additional
benefits are paid for by the employee.

You can **Mix and Match** benefits programs for different employees.

For example, sponsor your full-time staff **AND** offer part-time employees benefits that are 100% voluntary.

Don't lose another employee because
you don't offer benefits.
